

Dear Bloor-Yorkville BIA Members,

TABIA (Toronto Association of Business Improvement Areas) is looking to perform an audit on all COVID-19 related business assistance programs. In order to complete the audit, TABIA has created a 10-minute survey. The results of this survey will help shape future advocacy efforts to all three levels of government. The questions are fairly open-ended, allowing you to share your thoughts on current programs and what needs improvement moving forward.

We encourage you to complete the survey, which can be [found here](#)
