Dear Bloor-Yorkville BIA Members,

It has been brought to the attention of TABIA, that several BIAs have members who are experiencing unsustainable increases to their insurance premiums. Some are also being told by insurance providers that existing coverage will not be renewed. In order to effectively advocate on your behalf, TABIA has created a five minute survey to collect feedback. If you are experiencing these issues, please take the time to take the survey, which will **close Monday, October 5<sup>th</sup>**.

Thank you.
