

BLOORYORKVILLE

Operating hours for restaurants and bars

Over the last couple of days, information was shared with regards to the gradual easing of public health measures effective January 31st, and every 21 days thereafter. There have been some inquiries from the public about the hours of operation for restaurant and bars, once this new measure comes into place.

We wish to clarify that with these new health measures, we have been told the hours of operation restrictions will not be renewed, so **as of January 31st, restaurants and bars can move to their regular hours of operation**, as provided by their operator's license.
